## HUN DIVERS MURDER 16 U. S. IN THICK OF BATTLE

### Eleven Vessels Sunk by U-Boats Off Atlantic Coast—Americans Fighting Hard in Marne Battle

WASHINGTON, June 4.—A deqeyrrrstreptN xzfffffm; vbgkjq stroyer reported to the Navy Department tonight that she interrupted an enemy submarine attack on the French steamer Radioleine sixty-five miles off the Maryland coast at 9:50 o'clock this morning and had found the American schooner Edward R. Baird Jr. in a sinking condition, after having been bombed. A later report announced the arrival of the French steamer at an American port. Two men were rescued from the Baird, which was a small coasting steamer of 279 tons.

WASHINGTON, June 4.—Statements of survivors of the steamship Carolina, landed at Lewes, Del., that their vessel was destoyed by the submarine U-37 establish definitely that at least two German submarines have been operating off the Atlantic coast. Reports to the Navy Department show that the U-1y1 sank the schooners Hattie Dunn and Edna.

AN ATLANTIC PORT, June 4.—Latest reports indicate that at least eleven vessels have been sunk by German submarines off the Atlantic coast during the past ten days. This list includes the steamers Winneconne, Herbert L. Pratt, Texel and Carolina and the schooners Edward H. Cole, Jacob M. Haskell, Isabel B. Wiley, Hattie W. Dunn, Edna, Hauppauge and Samuel Hathaway.

NEW YORK, June 4.—Reports came to shipping authorities today that another American tank steamship had been sunk by a German submarine. No details were disclosed.

## MARTINEZ AND ANTIOCH MAINTAIN VICE JOINTS

Vice conditions in the upper end of Contra Costa county have been made the subject of special investigations by the State Law Enforcement League. Today Edwin E. Grant, executive officer of the league forwarded to District Attorney T. D. Johnston a letter calling upon him to put an end to places guilty of law infractions.

The two place named by Grant are the Court House saloon at Martinez and a bawdy house at Antioch. John de Vries, special investigator who obtaine devidence at the Grand Central and other resorts about Richmond figured in the up-county exposures.

He claims that the bartender at the Grand Central saloon brought a woman to meet him at that place. The place at Antioch is described as "one of the most notorious dens of vice in Contra Costa county," and "appears to have been built for the express purpose of a vice den."

District Attorney Johnston stated today that action had been previously brought against the Antioch resort, that the inmate shad agreed to close the place to avoid prosecution and that he was not awar that it was now being run as a vice resort.

The landlady of the Antioch house has been arrested, as have also girl inmates of the place. Contempt of court and other charges have been placed against them.

## TEMPERANCE COMMITTEE TO BACK COUNCILMAN

### Long Not Candidate but Will Help Watson —Active Campaign to be Started at Oncr

zAt a meeting last night of the executive committee of the dry forces it was decided to open the campaign at once for the assembly, and Councilman H. O. Watson was chosen as the standard bearer for the royal battle which is sure to follow.

It was a representative meeting and all phases of the matter were gone into in detail. It was realized that the wet forces would put up the fight of their lives at this time, as it is a life and death mattre for them, but the consensus of belief is that the countywill vote overwhelmingly for the Rominger bill which puts the saloon out of business, and that a candidate representing the wishes of the United States government and the majority of the people should carry this county in the campaign now about to open all over the state and county.

Councilman J. N. Long had been tendered the nomination and support by the temperance people through their committee, but he did not wish to make the race at this time, having other matters to claim his attention. The choice then fell to Watson, and Long pledged him his full support, as did all the delegates and committeemen present.

While it is conceded that the present assemblywan, Wm. Callahan, is a live wire and active campaigner, it is believed that he is in wrong now owing to the sentiment of the people relative to the temperance issue.

## Red Cross Gets Generous Help

One hundred and thirty-eight dollars and ten cents was turned over by Bogdon & Kristovich of the Imperial restaurant to the Red Cross chapter as its receipts for yesterday. This handsome sum was the total sum received by the restaurant which itself provided all of the food. Ladies of the Red Cross assisted in serving the food and acted as cashiers for the receipt of the coin.

The weekly meeting of the fraternal Red Cross committees last evening found that the sum of $625 had been earned by the various organizations for the week ending June 3rd.

W. T. Helms, chairman of the Thrift Stamp campaign, addressed the committee last evening and urged it to work for the success of this campaign.

Reports from the Fourth of July celebration showed that the celebration and the Queen Contest are doing well.

Today Constable Alstrom turned over to Red Cross Treasurer George B. Fredenburg a check for $1,487.58 as the Fraternal committee earnings for May. Steamfitters gave a balance of $17.50; T. A. Tip, $6.00; Raffle, $36; South Side Improvement Club, $6.60.

Mrs. J. B. Smith, of Portland, Oregon, appeared before the auditorium committee of the Chamber of Commerce last night and arranged for its support for a chautauqua to be held in Richmond next summer. The City Council will be asked to help the idea along also.

Peparations are under way for the observance of a Baby Welfare Week in this city following June 24. The work of the week will be conducted through the Mobilized Women, with Mrs. H. A. Stiver in charge.

Complete details of the affair are not yet arranged but the program of the wek will be one of extreme interest.

Turn out to see and hear Bryan today. It is the chance of a lifetime to hear this great orator. Do not miss it.

Attorneys H. V. Alvarado, Wilbur S. Pierce and H. E. Jacobs were Martinez visitors yesterday. Charles J. Crary was also in court on business connected with an estate.

## SCARCITY OF WATER A SERIOUS PROBLEM

The lack of rain has caused a great scarcity of water all over the state, and the East Bay Water company is getting up against a real proposition, which is hard to untangle. The cities demand water for their thousands of needs; the big factories and shipbuilding plants demand large supplies of water, also, and many of them are turning out war products which are absolutely necessary. On the other hand, the farmers are on the war path bcause the water company is draining their land of all their water and leaving them none for their crops, which are also necessary for war purposes. So the water company is between the devil and the deep sea, and getting cussed from all sides. Suits against the company by many farmers are becoming every day affairs.

The company plans to rob the farmers of the water supply imperatively needed for the crops in order to save its own plant from bankruptcy. Its action follows the breakdown of its water supply in the East Bay in fire-fighting. It will take the water from the crops, needed to win the war, and divert it to the city to protect the ship plants, whose product is needed to win the war. There is not water for both.

Wiggington Creed, president of the corporation, declared that he would choke all opposition on the part of the farmers by invoking a government order to commandeer the water on the gronds that it is necessary in the shipping plants in the bay district. The threat was made at a conference between officials of the company and the directors of the Alameda County Water District and the farmers.

The readers wil have to excuse any missing items this time, as the city tax list tok up most of our time, and no printing help can be found.

The moose are to have an entertainment tomorrow night before lodge, and all members are requested to be on hand.

## Sensible Suggestion by Civil War Vet

There was a big meeting at Ogden, Utah, a few days ago, over war matters, and the following we find in the Daily Examiner of that city, which refers to a brother of ours, himself an old veteran of the Civil war. The paper said:

Capt. E. T. Hulaniski was next introduced and gave the boys a rousing and educational talk, from his fund of personal experience in warfare "Friends and fellow soldiers," he said in part, "to be a soldier is a matter of pride and anyone who wants to be a soldier, wants to be a gopd one. He cannot be a good sldier without good officers and I urge you boys to be loyal to your officers, give them faithful support and then the best results can be accomplished."

"The first duty of a soldier," he continued, "is to take care of himself. I have seen thousands of soldiers die, just because they did not know how to take care of themselves. When you get to camp, in the trenches or at the front, learn to take care of yourself. You owe this as a duty to your country, your state and your people. Never fail, after you have eaten a meal to wash your plate and knife and fork with hot water. Keep your tent, your camp and your bodies clean.

"You have got t deal with an implacable, foe, who will not stop at anything to gain his ends. The German nation is a pirate and an outlaw on the world and the Kaiser must be suppressed, just as it was necessary for Napoleon to be suppressed 100 years ago. My heart goes out to soldiers, and will go with you. I wish I could go with you and I would if they would let me, but all I can do is again urge you boys to keep clean so that when you strike, you can strike strongly."

## Miss Osborne Leads In Queen Contest

| Miss Eucilla Williams | 1125 |
| Miss Vera Childs | 1070 |

| Miss Georgia Johnson | 1000 |
| Miss Edith Delp | 1000 |
| Miss Helen Cornell | 1000 |
| Miss Vivian White | 1000 |

Above is the way the Queen Contest shaped up yesterday afternoon after the count was tabulated.

Miss Osborne made a big gain, which placed her in the lead.

Miss Thorsen went right along and is holding on to second place.

The other girls have not warmed up to the situation yet, but surprises are in store and no telling who will be out in front when the ballot boxes are again opened next Thursday.

Nominations are still coming in and any girl starting now has a good chance to get right up in the front row with the leaders. It is only a short climb up to the top. Make your effort now. Come on girls, the water is fine. Just the right time to start and go over the top of the list.

## City Attorney Hall Makes Light of Suit

That the suit brought by David Cameron for the Pullman district against the members of the Richmond city council, demanding that they pay back to the city the sum of $17,700 drawn for salaries during the past two and one-half years, will be easily quashed, was the opinion expressed today by City Attorney D. J. Hall, who will defend the council when the suit comes up for hearing in the superior court on June 17th next. Today was pay day for all city employes and the nine members of the council each drew their monthly salary of $50.00, as the court order is to show cause and not a restraining order as generally understood.

The council has been paying its members salaries for the past two and one-half years. Mayor W. L. Lane, Councilman R. L. Fernald, Councilman John N. Harnett, Councilman E. J. Garrard, Councilman Wm. Picton, Councilman J. B. Ogborn, Councilman John G. Gerlach, are each asked to pay back $1,700 each. Councilman James N. Long has only drawn $950, H. O. Watson, $550; Former Councilman O. R. Ludewig has drawn $750, and former Councilman H. L. Penry has drawn $1 150.

City Attorney D. J. Hall states that Attorney C. S. Hannum conferred with him some time ago on legal points involved in the matter and decided not to undertake the suit. It is not true that Cameron is a partner of Hannum, although he frequents his office. Cameron could not be reached today to secure a statement as to his motive in bringing the suit at this time when Mayor Lane is a candidate for a county office.

## Aonther Booze Joint Up Against Law

The temporary injunction issued against the Grand Central road house property in El Cerrito under the red light abatement act as a result of the complaint filed by Edward E. Grant of the State Law Enforcement league, will be heard in the superior court on June 14th next.

This was the announcement of Deputy District Attorney H. E. Jacobs today. It is understood that former Senator Frank Carr of Oakland will represent Joseph Lavigne, owner of the property in question.

Chairman Clark has $9.25 turned in by the 12thStreet Athletic club of boys, for the Red Cross.

Mendelssohn Club members and guests are to assemble tomorrow at their annual picnic at Grand Canyon Park.

## CLEANLINESS AND GODLINESS

The News does not pretend to know very much about laundries, as of its two clean shirts one is generally on while the other is being washed, but it would seem to a man up a tree that $7,000 is quite a sum for the county to be spending just now for a laundry building at the County hospital. We should say that about half that sum would be a plenty. In fact it is more than likely that the hospital could get along fairly sanitary and clean with what it has, until the war is won and money for other purposes than winning it is more available. The boys in the trenches do not have any laundry at all, and as most of the county hospital patients are paupers they might possibly get along as our fighters and defenders do, or partly so.

The American people are slow to understand and appreciate the immensity of the job they are up against, and later on they may be sorry they did not. With Hun U-boats just off New York City and the Jersey coast now, there is no warrant that they will not be nosing around the bay of San Srancisco the first thing we know, and we better take some of this laundry money and buy long range guns. If the hospital gets blown up by German aeroplanes later on it won't need a laundry at all and the Supervisors don't wear boiled shirts and starched collars, nohow.

The government has asked that all public expenditures be curtailed to the lowest notch, and none made at all unless positively necessary. A law has been passed regarding it, also, and our county board should look that law up, or have the district attorney do it for them. Cleanliness is next to godliness, and failing in the latter maybe the board hankers for the former.

## FORCING SLACKERS TO WORK

**Compulsory Labor Laws Affect the Idle Rich as Well as His Cousin the Hobo.**

A compulsory labor law conferring jurisprudence for its enforcement upon the state council of defense and providing penalties for the violation of its provisions was passed by the emergency session of the South Dakota legislature and approved March 23. The council is given the authority to "impress into the service of the state, or of any political subdivision of the state, or of any person, firm, association or corporation, any persons who, in its opinion, are idle and unemployed and whose services may be required and are necessary to carry on or increase the production of food and supplies of all kinds for the purpose of winning the war."

We seem to be turning back the pages of history. It was the mettlesome Capt. John Smith, of Pocahontas fame, we seem to remember, who, some time in the year sixteen hundred and something, in another threatened food emergency, made and enforced the rule that "he who will not work may not eat." He thereby doubtless took the romance out of the lives of many of the colonists, just as the present compulsory labor laws will take the joy out of the lives of many people to whom supreme content lies in "just a-settin' still."

Other states are doing it. The Maryland law aims at the wealthy unemployed between the ages of eighteen and fifty who are physically fit as well as at vagrants, just as this South Dakota statute seems to do. Since the passage of the Maryland act, last fall, 65 per cent of the unemployed registrants have been put to work; 16 per cent have left the state either to join the parasitic existences of vagrants in less exacting commonwealths or to migrate to the luxurious but equally parasitic paradises of the wealthy at Atlantic City and Palm Beach. And now that New Jersey has also passed a work law, Atlantic City can no longer be the haven of habitually idle males. Alas and alackaday!—Northwestern National Bank of Minneapolis.

## Clara Kimball Young at Richmond Theater

Fernande de Ferney, the neglected girl-wife in "The Marionettes," played by Clara Kimball Young and her own company under the direction of Emile Chautard, which wil be shown at the Richmond Theater today and tomorrow, is a characterization in which this gifted actress gives free rein to her whimsical humor as well as the emotional portrayals which have made her famous.

"The Marionettes" deal with the transformation of a dowdy wife, convent-schooled and county-bred, who determines to win her husband's love. From an unattractive little frump with personal surroundings as drab as herself, she suddenly blossoms out into gay Parisian butterfly and her surroundings take on a metamorphosis as complete as her own.

**New Shipbuilding Record.**

A new record for merchant ship building was announced in the contest between yards for pre-eminence in turning out such vessels.

The Skinner & Eddy Shipbuilding company of Seattle has delivered to the shipping board the 8,000-ton freighter Ossineke in 109 days ahead of the date set in the contract.

Eastern shipyards are trying hard to take the honor of fast work away from the Pacific coast, but so far have failed to equal the Western speed.

**Coal Production Increases.**

Production of bituminous coal took a jump during the week that ended April 13, the United States geological survey announced, and showed an increase of 1,630,000 net tons, or more than 17 per cent over the production of the previous week. The total production was estimated at 10,947,000 tons, as compared with 9,317,000 for the week that ended April 6.

**British Unions in Dispute.**

A private conference between Sir Auckland Geddes, minister of national service, and British trade union representatives with reference to the government's man power proposals, failed to end the dispute about the position of the engineers, but elicited a clear statement from the other unions that the engineers were not entitled to any exceptional treatment, and that a combing-out scheme must apply equally to all.

The Amalgamated Society of Engineers refused to send delegates to the conference. The labor leaders at the conference after rejecting the various proposals, condemned the engineers for their aloofness and resolved to invite the amalgamated society to meet the other unions in a conference at which the government would not be represented.

**Wages in Massachusetts.**

In a report by the Massachusetts bureau of statistics it is shown that in 1915 54 per cent of nearly 500,000 adult wage earners in that state received between $8 and $15 a week. In 1916 the wages of 514,202 male adults ranged between $8 and $15 a week.

The wages of men, women and children employed in Massachusetts laundries in 1916 averaged a little more than $10 a week.

**Mine Fatalities Increase.**

Demoralization of the coal mining industry because of war-time conditions is responsible for the highest fatalities recorded from accidents in that industry in the last seven years, according to the federal bureau of mines. Last year 2,695 men were killed in coal mining, which is an increase of 740 over the 1916 record.

**One Every Six Hours.**

Industry in Massachusetts last year killed men at the rate of one every six hours.
